

Presentation Topic: The Metaverse

Objective

Students will work in groups of 3 to 4 to prepare a presentation on the topic of the metaverse. They will create a detailed PowerPoint and present it in English. This activity will help improve both their technical understanding and English language skills.

Instructions for Students

- 1. Group Formation:**
 - Form groups of 3 to 4 members (Students choose their groups)
- 2. Research on the Metaverse:**
 - Each group should research information about the metaverse. Research areas may include, but are not limited to:
 - Definition and basic concepts of the metaverse.
 - Technology and infrastructure needed for the metaverse.
 - Current and potential applications of the metaverse (gaming, education, work, socializing).
 - Leading companies in the development of the metaverse (Meta/Facebook, Google, Microsoft, etc.).
 - Social and ethical implications of the metaverse.
 - Future and prospects of the metaverse.
- 3. Structure of the PowerPoint Presentation:**
 - Slide 1: Presentation title and group members' names.
 - Slide 2: Introduction to the metaverse (definition and basic concepts).
 - Slide 3: Technologies and infrastructure (VR/AR, blockchain, networks, etc.).
 - Slide 4: Current applications of the metaverse (concrete examples).
 - Slide 5: Major players in the metaverse (companies and their projects).
 - Slide 6: Social and ethical implications (privacy, security, societal impact).
 - Slide 7: Future of the metaverse (projections and perspectives).
 - Slide 8: Conclusion (summary of key points).
 - Slide 9: Questions and discussion.
- 4. Creating the PowerPoint:**
 - Use images, graphics to make the presentation visually appealing.
 - Each group member should contribute to the content creation and preparation for the oral presentation.
- 5. Oral Presentation:**
 - Each group will have 10 to 15 minutes to present their work.
 - All group members must participate in the presentation.
 - Be prepared to answer questions from other students and the instructor.
- 6. Submission of the PowerPoint:**
 - The PowerPoint file must be sent to the instructor via email or through a discord.
